Registers & Counter Tops

Two New RETAIL PRODUCTS. Three Exciting Ways To Make Extra Money.

Do you have the space of the gold rectangle (below, right), by your register or on your counter top?

It's the footprint of our POP – Point of Purchase display. You could be making extra money from that small space today – out of proportion to its size. Here's how:

Make Extra Income #1:

Display and sell Truffles and Cocoa Almonds at your Register, or counter top. Have your counter staff recommend them.

- Get your Customers hooked by passing out FREE samples. We'll even help you with that, by delivering extras for sampling FREE with every order. (First tasters? Your staff.)

Make Extra Income #2:

Your Store's or Shop's flyer could be inside every Truffle Box and Cocoa Almond Package. Deliver a message, or a coupon.

- Plus: The package flyer has your Online Coupon Code on it. When your Customers purchase directly from us online
 - they get a discount, courtesy of you
 - you get a commission every time they buy

Make Extra Income #3:

Recommend other stores or shops sell Celebrate Truffles & Cocoa Almonds. Every time they buy, you automatically earn a commission.

- When those other stores and shops, in turn, get others to sell Celebrate, you also earn a commission.
